# Market Challenges

1

Barriers for consumers in using shared mobility.

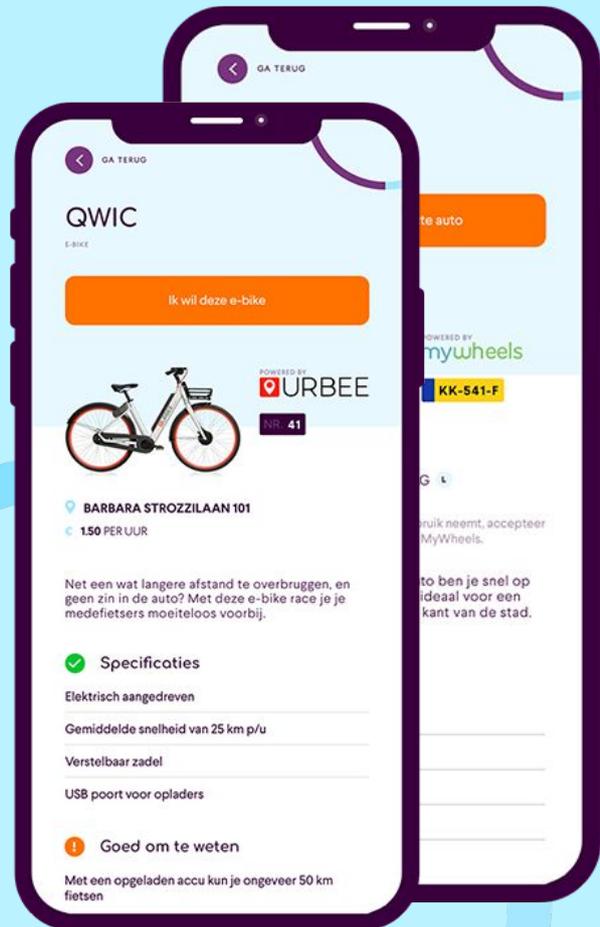

2

Increasing mobility challenges for local governments.

3

Construction companies have a strong interest.

# Shared mobility made easy.

Multiple vehicles in a single app.  
e-bikes, cargo bikes, e-scooters and cars.

Choose how you want to travel, every time again.  
Fast. Fun. Sustainable.

You know exactly what to expect.  
clear prices and a simple app.

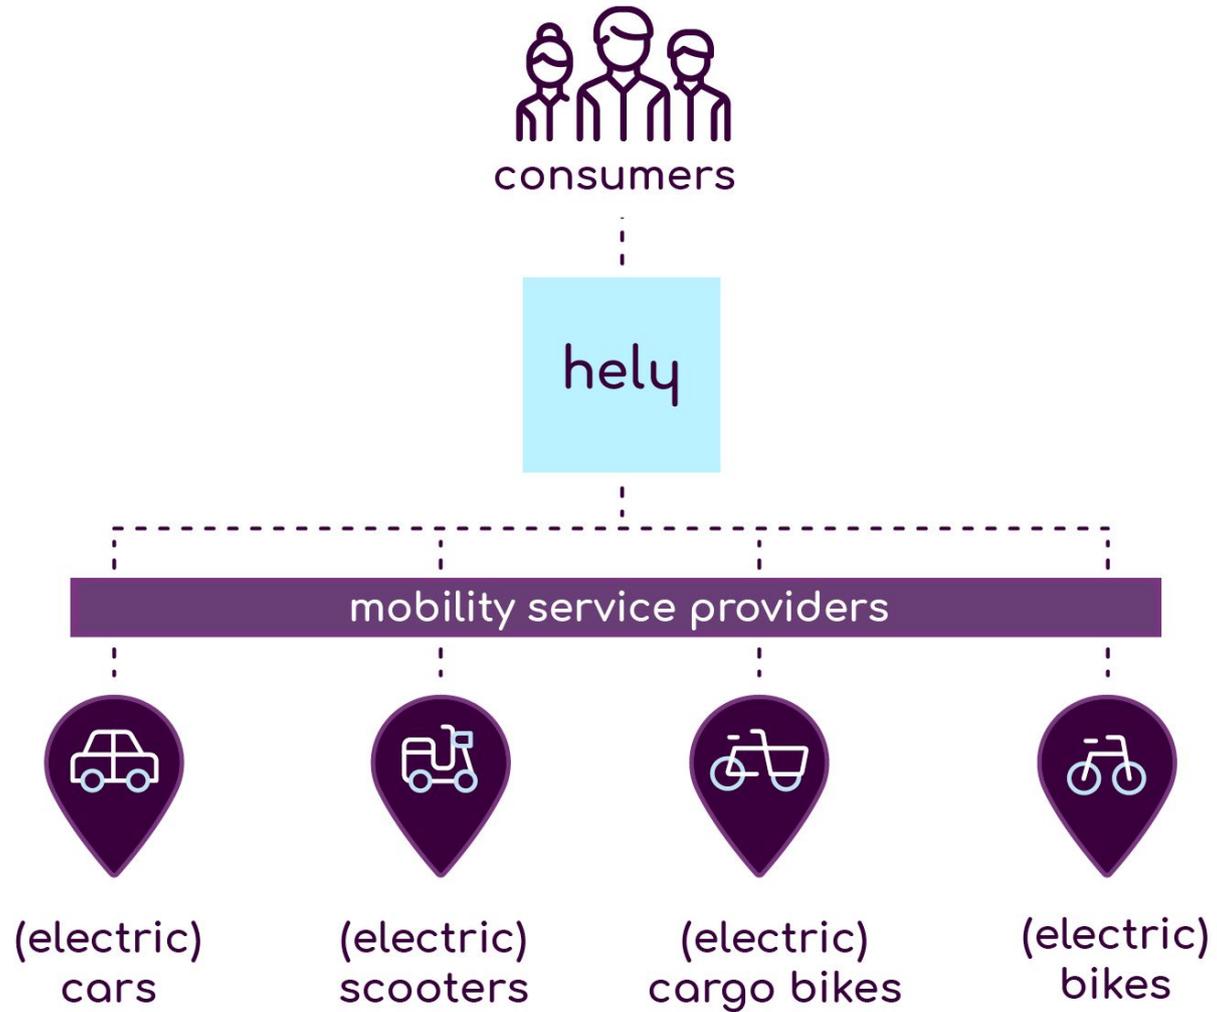

Shared mobility gives you more  
flexibility, more possibilities,  
and a sustainable environment.

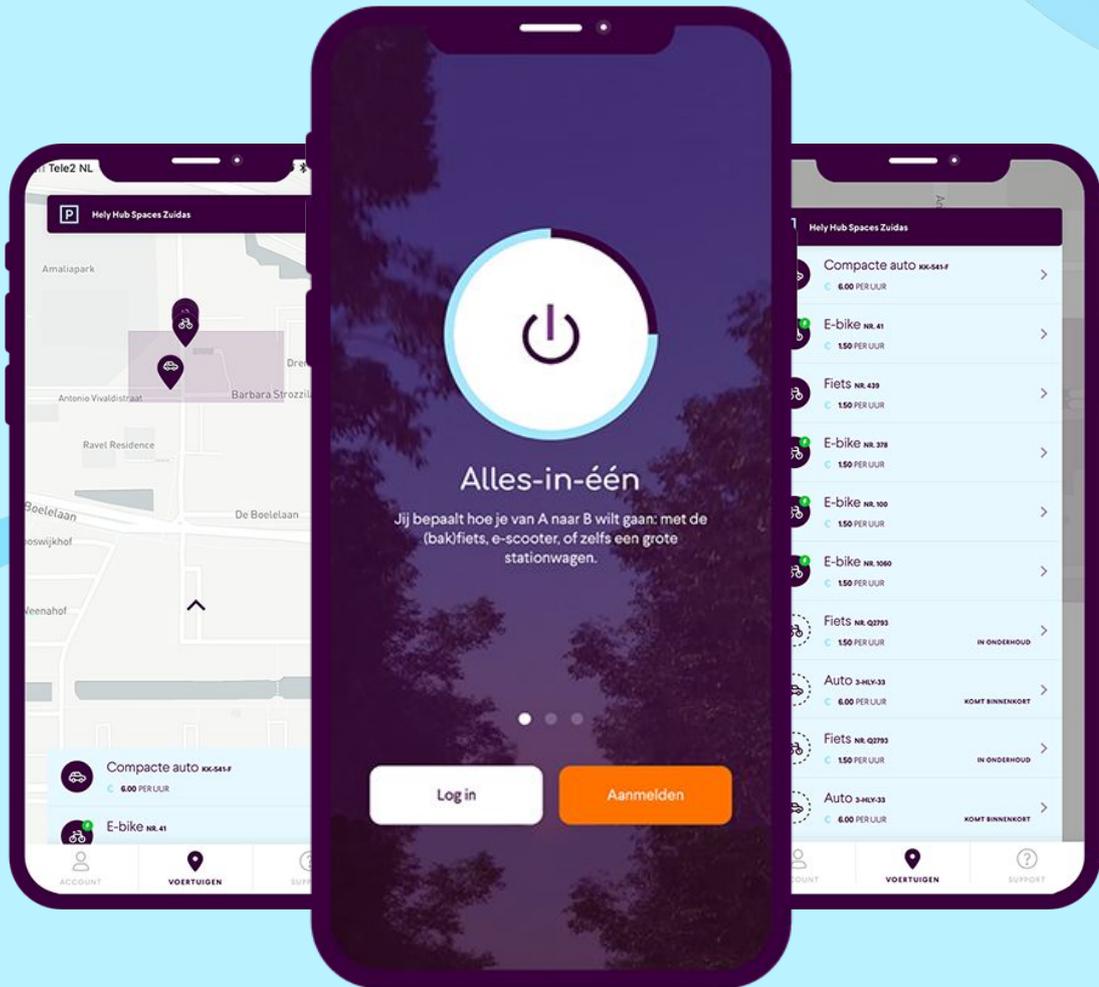

We provide a complete mobility solution  
to choose every day another way to go.  
Smart. Fast. Fun. Sustainable. It's your way.

Pick and ride.
